

TERAVANCE BIOPHARMA, INC.

SCIENCE AND TECHNOLOGY ADVISORY COMMITTEE CHARTER

(As amended and restated by the Board of Directors on October 22, 2014)

The Science and Technology Advisory Committee of the Board of Directors of Theravance Biopharma, Inc. (the "Company") reviews and discusses scientific and technological matters affecting the Company and oversees the Company's management of its intellectual property.

The Science and Technology Advisory Committee also identifies scientific and technological matters that may affect the Company in the future, and develops strategies to address these issues in the Company's research plans.

The Science and Technology Advisory Committee is comprised of directors designated by the Board of Directors and reports to the Board of Directors periodically.
