Item 2. Identity and Background.

This Statement is being filed on behalf of GlaxoSmithKline plc, a public limited company incorporated under the laws of England and Wales. Set forth in Schedule 1 to this Statement are the name, business address and present principal occupation or employment and citizenship of each executive officer and director of GlaxoSmithKline plc. The Ordinary Shares which are the subject of this Statement are held of record by Glaxo Group Limited ("GSK"), an indirect, wholly-owned subsidiary of GlaxoSmithKline plc.

During the last five years prior to the date hereof, neither GlaxoSmithKline plc nor, to the best knowledge of GlaxoSmithKline plc, any of the other persons with respect to whom information is given in response to this Item 2 has been convicted in a criminal proceeding or been a party to a civil proceeding ending in a judgment, decree or final order enjoining future violations of, or prohibiting or mandating activities subject to, federal or state securities laws, or finding any violation with respect to such laws.

Item 3. Source or Amount of Funds or Other Consideration.

On June 1, 2014, the Issuer entered into a separation and distribution agreement with Innoviva, Inc., known as Theravance, Inc. prior to January 7, 2016 ("Innoviva"), pursuant to which Innoviva transferred its research and development operations to the Issuer and agreed to distribute 100% of the outstanding shares of the Issuer to Innoviva's stockholders (the "Spin-Off"). The Spin-Off occurred on June 2, 2014, the payment date for the dividend of 32,260,105 Ordinary Shares to Innoviva's stockholders. As a result of the Spin-Off, GSK initially received 8,299,218 Ordinary Shares for no consideration as a dividend on shares of Innoviva common stock then held by GSK.

GSK acquired an additional 44,574 Ordinary Shares on October 7, 2015 pursuant to an Ordinary Share Purchase Agreement entered into with the Issuer (the "Ordinary Share Purchase Agreement"), a copy of which is attached as Exhibit 1 hereto. Item 4. Purpose of Transaction.

A. Governance Agreement

On March 3, 2014 the Issuer and GSK entered into the Governance Agreement (the "Governance Agreement"), a copy of which is attached as Exhibit 3 hereto. The Governance Agreement contains agreements relating to future acquisitions or dispositions and voting of Issuer securities by GSK, among other matters. Except as otherwise noted below, the provisions of the Governance Agreement described below will terminate at the earliest of (i) when GSK beneficially owns 100% of the Issuer's outstanding Voting Shares, (ii) the effective time of a Change in Control of the Issuer and (iii) December 31, 2017. The following description describes the rights and obligations of the Issuer and GSK. The rights and obligations described herein with respect to GSK are also applicable to affiliates of GSK and any reference to GSK's beneficial ownership of securities should be deemed to include any securities beneficially owned by affiliates of GSK.

Certain Definitions

“Change in Control” means (A) any transaction or series of related transactions (including mergers, consolidations and other forms of business consolidations) following which continuing shareholders of the Issuer hold less than 50% of the outstanding voting securities of either the Issuer, the entity surviving such transaction or any parent entity of such continuing or surviving entity or (B) subject to certain exceptions, the sale, lease, license, transfer or other disposal of all or substantially all of the business or assets of the Issuer other than to a person that is and for so long as it continues to be majority owned and controlled subsidiary of the Issuer.

“Equity Security” means any (i) Voting Shares (as defined below), (ii) securities of the Issuer convertible into or exchangeable for Voting Shares and (iii) options, rights and warrants issued by the Issuer to acquire Voting Shares.

“Voting Shares” means the Ordinary Shares and any other outstanding securities of the Issuer having the right to vote generally in any election of directors.

Limitations Relating to the Issuer’s Equity Securities

Acquisition of Equity Securities of the Issuer

Except as expressly permitted by the Governance Agreement or as otherwise agreed to by the Issuer in writing following approval by a majority of the independent directors of the Issuer’s board of directors (the “Board”), GSK may not, directly or indirectly:

- acquire any of the Issuer’s equity securities;
- make or participate in any solicitation of proxies to vote from any holders of the Issuer’s equity securities;
- form or participate in a “group” within the meaning of Section 13(d)(3) of the Act with any person (other than GSK’s affiliates) not bound by the terms of the Governance Agreement with respect to any Voting Shares;
- acquire any of the Issuer’s assets or rights to purchase any of the Issuer’s assets except for assets offered for sale by the Issuer;
- enter into any arrangement or understanding with others to do any of the actions listed immediately above; or
- act together with others to offer to the Issuer or any of the Issuer’s shareholders any business combination, restructuring, recapitalization or similar transaction involving the Issuer or otherwise seek together with others to control, change or influence the management, board of directors or the Issuer’s policies or nominate any person as a director who is not nominated by the then incumbent directors, or propose any matter to be voted upon by the Issuer’s shareholders.

Permitted GSK Purchases of Equity Securities from the Issuer

GSK may acquire equity securities from the Issuer in the following circumstances:

- if the Issuer issues equity securities to a third party (other than equity awards issued as compensation to its directors, officers, employees or consultants), GSK has the right to purchase from the Issuer up to such number of equity securities that would bring GSK’s percentage ownership of the Voting Shares to the same level that it was at immediately prior to the issuance of equity securities to the third party at the same price at which the equity securities were sold to the third party;
- on a quarterly basis (the “Quarterly Right”), equity securities comparable to those that are issued as compensation to the Issuer’s directors, officers, employees or consultants during the preceding quarter pursuant to option exercises settlement of restricted stock unit awards or vesting of restricted shares, at the fair market value at the time of GSK’s notification to the Issuer of its intention to purchase such equity securities that would bring GSK’s percentage ownership of the Voting Shares to the same level that it was at immediately prior to such issuances;
- the acquisition of additional equity securities issued in connection with a share split or recapitalization; and
- the purchase of equity securities for a pension plan or benefit plan for the benefit of GSK’s employees.

Permitted GSK Purchases of Equity Securities from the Issuer’s Shareholders

GSK may acquire the Issuer’s equity securities from the Issuer’s shareholders in the following circumstances:

- the acquisition of securities of another biotechnology or pharmaceutical company that owns the Issuer's equity securities (provided that those shares will be subject to the limitations set forth in the Governance Agreement on the same basis as GSK's Ordinary Shares); or
- the making of an offer to acquire the Issuer's equity securities if (i) a person or group (other than GSK) acquires 20% or more of the Voting Shares, or (ii) the Board formally acts to (A) cause the Company to enter into an agreement to effect a Change in Control of the Issuer (other than with GSK), (B) amend the Issuer's rights plan in order to render it inapplicable with respect to any specific third party or third parties, but not all third parties generally, or (C) render inapplicable to any specific third party or third parties, but not all third parties generally, the restrictions contained in any anti-takeover provision applicable to the Issuer, subject to the following conditions:
 - that the offer be an offer for 100% of the Voting Shares;
 - that the offer include no condition as to financing; and
 - that the offer includes a condition that the holders of a majority of the shares of the Voting Shares not owned by GSK accept the offer by tendering their shares or voting their shares in favor of the offer.

In addition, GSK may make an offer to the Issuer's shareholders to acquire outstanding Voting Shares that would bring GSK's percentage ownership of the Voting Shares to no greater than 60%, subject to the following conditions:

- that the offer includes no condition as to financing;
- that the offer is approved by a majority of the Issuer's independent directors;
- that the offer includes a condition that the holders of a majority of the Voting Shares not owned by GSK accept the offer by tendering their shares in the offer; and
- that the shares purchased will be subject to the limitations set forth in the Governance Agreement on the same basis as the shares of GSK's Ordinary Shares.

In addition, if the level of GSK's ownership of the Voting Shares is 50.1% or greater:

GSK may make an offer to the Issuer's shareholders to merge with the Issuer or otherwise acquire outstanding Voting Shares that would bring GSK's percentage ownership of the Voting Shares to 100%, subject to the following conditions:

- that the offer includes no conditions to financing;
- that the offer is approved by a majority of the Issuer's independent directors; and
- that the offer includes a condition that the holders of a majority of the shares of the Voting Shares not owned by GSK accept the offer by tendering their shares in or voting their shares in favor of the offer.

Limitations on Disposition of Our Equity Securities by GSK

If GSK disposes of any Voting Shares, GSK will not be able to purchase any Voting Shares for one year after such disposition without the prior approval of a majority of the Issuer's independent directors.

Voting Arrangements

Agreement to Vote

GSK has agreed to vote the Voting Shares held by it (at GSK's election) either (i) in accordance with the recommendation of the Issuer's independent directors or (ii) in proportion to the votes cast by the other holders of the Voting Shares.

Exceptions to Agreement to Vote

GSK can vote as it chooses on any proposal to:

- effect a Change in Control; or
-

- issue equity securities to one or more third parties (other than in a public offering) that would result in that party or parties owning or having a right to acquire 20% or more of the Voting Shares.

In addition, if GSK's percentage ownership of the Voting Shares is 50.1% or greater, GSK can vote as it chooses on any proposal to:

- effect the acquisition by the Issuer of any business or assets that would constitute a substantial portion of the Issuer's business or assets; or
- effect the sale, lease, license, transfer or other disposition of all or a substantial portion of the Issuer's business or assets, unless such sale, license or transfer occurs in the ordinary course of business.

If a person or group acting in concert acquires 20% or more of the Voting Shares, GSK thereafter may vote its Voting Shares without any restrictions.

Grant of Proxy

GSK has granted an irrevocable proxy coupled with an interest in all Voting Shares owned by GSK to the Board. This proxy enables the proxyholder to vote or otherwise act with respect to all of GSK's Voting Shares in the manner required by the Governance Agreement.

B. Registration Rights Agreement.

The Ordinary Shares currently held by GSK are entitled to the rights set forth in the Registration Rights Agreement by and between the Issuer and GSK, dated March 3, 2014 (the "Registration Rights Agreement"), a copy of which is attached as Exhibit 4 hereto. The rights under the Registration Rights Agreement will expire on December 31, 2024, or if GSK or its permitted assigns each hold one and a half percent or less of the then outstanding Ordinary Shares, if each such holder can sell its shares in a single transaction pursuant to Rule 144 under the Securities Act of 1933.

Demand Registration Rights

Under the Registration Rights Agreement, GSK and its permitted assigns have the right to require that the Issuer register their Ordinary Shares, provided such demand comes from holders of at least 50% of the aggregate shares held by GSK and its permitted assigns and such registration relates to Ordinary Shares having an anticipated aggregate offering price of \$10 million. The Issuer is only obligated to effect one registration in response to these demand registration rights (subject to certain exceptions). The Issuer may postpone the filing of a registration statement for up to 90 days once in any 12-month period if the Board determines in good faith that the filing would be seriously detrimental to the Issuer or its shareholders. The underwriters of any underwritten offering have the right to limit the number of Ordinary Shares to be included in a registration statement filed in response to the exercise of these demand registration rights. The Issuer must pay all expenses, except for underwriters' discounts and commissions, incurred in connection with these demand registration rights.

Piggyback Registration Rights

If the Issuer registers any securities for public sale, under the Registration Rights Agreement, GSK has the right to include its Ordinary Shares in the registration, subject to specified exceptions. The underwriters of any underwritten offering have the right to limit the number of Ordinary Shares registered by GSK and its permitted assigns (but to no less than 25% of the shares to be registered in such registration) due to marketing reasons. The Issuer must pay all expenses, except for underwriters' discounts and commissions, incurred in connection with these piggyback registration rights.

F-3 Registration Rights

While the Issuer is eligible to file a registration statement on Form F-3, under the Registration Rights Agreement GSK and its permitted assigns can request that the Issuer register their Ordinary Shares, provided that such registration request is made by holders of not less than 10% in aggregate of GSK's and its permitted assigns' shares and the total price of the ordinary shares offered to the public is at least \$10 million. GSK and its permitted assigns may only require the Issuer to file two Form F-3 registration statements in any 12-month period. The Issuer may postpone the filing of a Form F-3 registration statement for up to 90 days once in any 12-month period if the Board determines in good faith that the filing would be seriously detrimental to

the Issuer or its shareholders. The Issuer must pay all expenses, except for underwriters' discounts and commissions, incurred in connection with these F-3 registration rights.

C. Master Agreement

In connection with the Spin-Off, Innoviva assigned to a Delaware limited liability company named Theravance Respiratory Company LLC ("TRC"), certain rights under agreements between Innoviva and GSK relating to certain drug development programs. TRC is managed by Innoviva, but the Issuer owns an equity interest in TRC that entitles it to an 85% economic interest in TRC, TRC's only assets at this time are its rights to future payments that may be made by GSK or an affiliate pursuant to the assigned rights under such agreements.

On March 3, 2014, GSK, the Issuer and Innoviva entered into a Master Agreement (the "Master Agreement") in connection with the Spin-Off, a copy of which is attached as Exhibit 5 hereto. Under the Master Agreement, the Issuer and Innoviva have agreed not to make any changes to, or waive the provisions of, the TRC Limited Liability Company Agreement (the "TRC LLC Agreement") without the consent of GSK, which consent is not to be unreasonably withheld, conditioned or delayed, provided that GSK may withhold, condition or delay such consent in its sole discretion with respect to any changes to certain sections of the TRC LLC Agreement or the governance structure of TRC or the confidentiality restrictions, consent rights and transfer restrictions in the TRC LLC Agreement.

D. Purchase Agreements

The Ordinary Shares purchased under the Ordinary Share Purchase Agreement and a portion of the Ordinary Shares purchased under the March 2016 Share Purchase Agreement were acquired pursuant to the Quarterly Right, and the remaining Ordinary Shares purchased under the March 2016 Share Purchase Agreement were acquired following the approval of a majority of the independent directors of the Board. Each of these Purchase Agreements includes various representations and warranties, conditions to closing, covenants and other provisions that are customary for a share purchase transaction of this nature. The Ordinary Shares were acquired for investment purposes.

E. Shareholder Waiver.

On March 14, 2016, GSK entered into a Waiver of Notice and Election under the Governance Agreement, attached hereto as Exhibit 6, whereby GSK waived all notice rights in connection with the issuance and sale by the Issuer of up to a maximum aggregate offering price of \$50,000,000 of the Ordinary Shares that may be issued and sold under a sales agreement with Cantor Fitzgerald & Co, pursuant to a sales agreement prospectus filed in connection with a shelf Registration Statement on Form S-3 (SEC File No. 333-205275).

F. General

- j. any action similar to any of those enumerated above.

Notwithstanding the foregoing GlaxoSmithKline plc will continue to review from time to time its investment in the Issuer and may, depending, among other things, on the Issuer's and the Reporting Persons' respective business, assets, operations, financial condition, prospects, expenses and other factors, as well as (and subject to) the terms of the contracts described herein: (i) purchase additional Ordinary Shares, options or other securities of the Issuer in the open market, in privately negotiated transactions or otherwise; (ii) sell all or a portion of the Ordinary Shares, options or other securities now beneficially owned or hereafter acquired by it; (iii) propose one or more directors for the Board; (iv) engage in discussions, negotiations or enter into other transactions with a view to obtaining direct or indirect control of the Issuer; (v) engage in discussions, negotiations or enter into other transactions with a view to acquiring assets of the Issuer, including all or a portion of the Issuer's equity interest in TRC; and (vii) engage in such other proposals as GlaxoSmithKline plc may deem appropriate under the circumstances, including plans or proposals which may relate to, or could result in, any of the matters referred to in clauses (a) through (j), above.
